

## Joshua and Zerubbabel

(Excerpt from the book *Nostradamus Prophecy!* by Leonardo De'Gehle)

Just as the Bab and Baha'u'llah fulfill prophecy for the appearance of the Twin Manifestations of God in the East at the close of this 6000 Cycle of Adam, so it also prophesied that there shall be the appearance of Two Promised Ones in the West. These two figures are spoken of in the Bible as Joshua and Zerubbabel and represent the High priesthood of Jesus the establisher of the Kingdom, and the current living Guardian, the Davidic King alive in the word at this time.

### "Behold, the man whose name is **the Branch**"

In the Book of Zechariah in Chapter 3 and Chapter 6 it speaks of a prophecy of the "man whose name is the Branch". As already explained "Branch" is the English translation of the Arabic and Persian word Aghsan (singular ghusn) and refers to the name of the male-line descendants of Baha'u'llah and 'Abdu'l-Baha of AGHSAN of which the current guardian Neal Chase ben Joseph Aghsan is the fifth of this name: Branch – Aghsan seated upon David's throne that is to last for ever. Here in the sixth chapter of Zechariah we read that he shall have a high priest by his side and a spirit of understanding shall be between them both.

"Behold, the man whose name is **the Branch**: for he shall grow up in his place, and he shall build the temple of the Lord. It is he who shall build the temple of the Lord, and shall bear royal honor, and shall sit and rule upon his throne. And there shall be a priest by his throne, and peaceful understanding shall be between them both." (Zech. 6:12-13)

This priest by his throne – the throne of King David – is the Promised One of today that fulfills prophecy for the coming of Joshua the High Priest. Joshua is the Hebrew equivalent of the Greek name "Jesus". Now Jesus was a high priest after the order of Melchizedec and this is explained by Paul in the book of Hebrews chapter 5, 6 and 7; as well as by Jesus himself in his personal reference to his authority from Psalm 110, the Melchizedec Psalm (Matt. 22:43-44 RSV). In this book we learn that Melchizedec, who was the founder of the city of Jerusalem, met Abraham after the slaughter of the Kings outside the city walls. Abraham paid tithes to Melchizedec (gave him a tenth of all the spoils) and was presented with the Eucharist of the bread and wine, the same bread and wine, that Jesus as High Priest and sacrificial Lamb offers the 12 at the last supper. Thus this is the bread of the true teaching of God of which if one eats he shall live for ever and ever and never go hungry – the true manna from heaven – and the wine of the belief – belief in the firm covenant that the throne-line passed down from Adam to Abraham to David to Baha'u'llah and 'Abdu'l-Baha and to the current living heir shall never end. This is belief in the everlasting Covenant of peace (Ez. 37).

According to Halley's handbook of the Bible and the Legends of the Jews by Louis Ginzberg, Melchizedec's identity is actually the Blessed son of Noah Shem. Shem's real name was Job, of the book of Job in the Bible, who lost everything at the hands of the

historical Satan (Nimrod, the King of Babylon. See Is. 14 for more) and then later had it restored to him. After meeting with Abraham Shem, allowed him to enter the city of Jerusalem which was surrounded by a hundred foot wall which was a hundred feet thick, to keep out all the corruption of Nimrod and Semiramis of all the people of the world. Within those walls was the school of the Bet Midrash – the College of the Holy Spirit, and the Bet Din of the Court of Divine Justice. Abraham entered therein and studied in that school for four years. When He graduated he wrote his book entitled the Book of Formation - the Sefer Yitzerah – which speaks of the mystery of the Divine and Ineffable name of God. This is the original Holy Name which was given to God at the time of Adam at the beginning of the 6000 years cycle. It was passed down only to Enoch and then to Methuselah and Noah.

Thus these four Adam, Enoch, Methuselah and Noah possessed this secret as the succession of the throne was passed to them. On board the ark, Ham the cursed son of Noah, that became the father of Cush and the father of Nimrod (Ham was also known as Canaan after he violated) stole the robes and other paraphernalia of Noah that he had inherited from Adam for himself, but he was unable to gain possession of the True name of God. It is said that whoever possesses the knowledge of the True Name possesses all power of Creation both material and spiritual, and all things and all doors are open to that one. Noah concealed this Secret and gave it to his beloved son Job. Thus Job became known as “Shem” as “Shem” in Hebrew means Name, as he was the only possessor of it and its secrets.

When Shem saw the Abraham fulfilled prophecy from the existing scriptures of the time, as his own promised tenth generation descendant, as well as the prophesized time-line contained within the masonry and blue-prints of the Great Pyramid of Gizeh, he bequeathed the Secret of this Name of God to Abraham as well as succession to the throne. This name was referred to outwardly as El Shaddai – God Almighty – and was known to the patriarchs before captivity in Egypt when it was lost.

When Moses received the Name YHVH he was told that this was not the name that God had given to the Patriarch Adam to Abraham of old, but was in fact a different name. When the lineage of High Priest from Moses brother Aaron died out, this name YHVH was lost. Later the Jewish scribes added vowel points to the Bible in the Masoretic text and took the vowels of the pagan god Adonay, and added a-o-a to YHVH getting YaHoVaH from which the German's translated as Jehovah which is a bastard name for God and not the real name of God at all. In the Book of the Revelation of Jesus Christ it is prophesied that God will once again reveal His own new name, and this gift will be conferred upon all the true believers of who accept the Twin Manifestations of the Bab and Baha'u'llah as well as the Twin Promised Ones of Joshua and Zerubbabel. Thus these Four together are a fulfillment of a form of the four letters of the Most Great name of God.

Now I'm not going to give away the True Name here in this book, for it would be harmful for those who do not believe to say it in vain if they heard it and didn't; really understand what it is. It would be like giving a loaded gun to a small child - safety or not

on – it could be that dangerous for someone in both this world and the next to take it in vain as possible irreparably spiritually fatal to themselves in both this world and the next for all eternity. This name was so sacred that it was only known for thousands of years to only one person on earth at a time. It is prophesied that when the second coming of Christ appears in the “Glory of the Father” which is Baha’u’llah, that he will reveal this Most great name. Now as God knew the mainstream Baha’is would all break the Covenant He thus concealed the knowledge of this True Name from them as well, and so all Covenant-breakers are so deprived. Not even those who profess to be Baha’i have knowledge of this True Name, unless they have learned this from Two Promised Ones foreseen in the Bible and the prophesied of Nostradamus.

## THESE TWO PROMISED ONES FULFILL PROPHECY

Like Jesus Christ that fulfill prophecy in his day for his prophesied name, prophesied date, prophesied address and prophesied mission, these Two Promised Ones - representing the Twin Institutions of the Kingdom, the “House of the Lord” (Is. 2:2-4 RSV), the true Universal House of Justice of Baha’u’llah and the Executive Branch of the Guardianship “seated upon the throne of King David (Is. 9:6-7; 11:1-11 RSV) - are also both prophesied by their respective prophesied names, prophesied dates, prophesied address’ and prophesied missions as given in the Holy Bible. Nostradamus was fully aware of the prophecies in the Bible and thus having his third eye opened – the intellect - was able to see the coming of these two promised ones. Thus Nostradamus saw the fulfillment of these prophecies that are taking place at this time. This clear vision fired his prophetic imagination and enabled him to see are the tests and trials, and woes and difficulties during the ministry of these two promised ones in the West whose mission was the establishment of the Kingdom of God on earth as it is in heaven, in fulfillment of the Lord’s prayer, as well as the Covenant of Baha’u’llah, even as ancient Joshua and Zerubbabel laid the foundation for the restoration of the second Temple at the time after the first exile of the Jewish people 490 years before the appearance of the first Jesus, 2000 years ago.

Without, therefore giving anything away that could be dangerous for the people, the Book of Abraham, of which Nostradamus was aware as a Christianized Jew, espouses the foundation of creation upon four foundations or four structures, which are given in two aspects as both number and letter in the Ten Sefirot or Ten Numbers that form the Tree of Life (where 10 is equal to 4 – see below) and the other three structures contained in the three divisions of the 22 total letters of the Hebrew alphabet ( $3+7+12 = 22$ ). Thus Abraham in preserving the original teachings of Adam upon graduating from the school of Shem showed that the first foundation is 1) the three mother letters, the second foundation is 2) the seven double letters and the third foundation is 3) the 12 signal letters. Thus  $3 + 7 + 12 = 22$ , which are the total letters of the Hebrew Alphabet. Arabic, Greek, Persian, Latin are related to these Hebrew letters as are Phoenicia and hieratic scripts in Egypt all of which whose letters have a numerical value (representing spiritual essence) as well, this later through the propagation of the Phoenician form to many parts of the world. Thus these three structures, of letters 3, 7 and 12 and the final fourth

structures being the Ten Sefirot or the Ten numbers themselves, which relate again to Four, as we will see later, and therefore to the completion of the cycle.

Now on one level, the three mothers are in fact the three wives of Abraham - Sarah, Hagar and Keturah - from which comes the everlasting covenant from between his legs of the genealogy of the 10, Nine Divine Manifestation and the final of tenth sphere being the Land the Tree of Life is growing from. These Nine Divine Manifestations are the source and origin of the combined fullest potency of the Nine Great Revelators of the 6000 years Adamic Cycle and are known by Nine Names of Power. These Nine are: Adam, Moses, Krishna, Zoroaster, Buddha, Jesus, Muhammad, the Bab and Baha'u'llah. Outwardly these Nine have each revealed a Divine name of the Infinite Invisible Essence of the Creator and with the appearance of the Ninth Baha'u'llah, the Most Great Name, was withheld and Its Secret and its Knowledge are to be revealed unto man by the completion of the cycle which concurs with the Two Promised Ones in the West. Thus outwardly these nine revelations are empty husks of violation (klipoth) or shells whereas within in them are enshrined the prophecy of the everlasting truth now fulfilled in this day. Thus a seeker can "ascend" into the reality of the Kingdom through any of these nine paths, if and only if like a path or a gate, they are made the absence of impediments and hallowed out like shells through which the people may pass through to reach real goal which the presence of God and service to the True One.

Thus these Nine Revelators of the 6000 years cycle and the tenth being the Land that Tree grown out of contains the final name of the establisher himself which in fact is The Land – Ha Eretz – which is the given name of the last Promised one, that is not a Divine Manifestation but is the establisher of the Kingdom and whose explanations and commentaries are the foundation of the Tree of Life – which is the Tree of the Covenant. His name is the land or Leland. Thus "he has a name which nobody knows but himself" (revelation 19:12 "Leland") until he himself tells it to them.

In the third Chapter of Zechariah in verse four, it states that he will removed the "gross injustice inflicted against" Joshua and later again in verse 9, the "gross injustice inflicted against" the Land shall be removed "in a single day". As the "gross injustice inflicted against" Joshua in verse 4 is the same "gross injustice inflicted against the land" in verse 9 this shows that Joshua and "the land" – Ha Eretz - are the same person, and thus the prophesied name of the promised Joshua is "the land" Leland. Le is French for "the" and Land is land. Leland is a French surname and an English given name. Some translations give "gross injustice" as "guilt" or "iniquity" – for this is the iniquity of the people of the world that inflicted persecution and iniquity against the promised Joshua, that is the establisher and preserver of the true teaching of Baha'i including the Knowledge and the Secret of the True Name.

Now in the Book of Formation, Abraham reveals that first three structures are the groups of letters as 3, 7 and 12 where the first group the three mother letters are the letters A, M, and Sh. These are the letters in Hebrew for HEAR and NAME, as in "HEAR O Israel the Lord thy God is ONE." The word One in Hebrew, Persian Arabic is "Achad" which means "One" and is formed of the three letters AChD (A=1, Ch=8, D= 4; 1+8+4 = 13)

and has spiritual value of 13, representing Jesus and the 12 apostles as depicted for example at the last supper with Jesus in the middle and the 6 to his left and the 6 to his right. The Hebrew word LOVE – AHBH also has a value of 13 as A = 1, B=2, H=5 and the second H=5 for a total  $1+2+5+5=13$ . Thus the Unity of God or our Atonement – at One –ment - in our comprehension, communion and salvation is brought about by the power of the attractive or creative force in the Universe, which is the Love of God – AHBH. In the new Testament Paul also relates to God as “God the Father” – Jesus is recorded as calling to the Father, and as obeying the Mysterious Will or not himself but of the Father. Paul relates that Jesus cried out ABBA –Father. Now ABBA has the value A=1, B=2, B=2 and A=1 which is total of  $1+2+2+1 = 6$ . The sixth letter of the Hebrew alphabet is considered masculine, and represents the star of David – the six pointed star and is given in Persian and Arabic as the letter Vav, where expanded the first V=6 the A= 1 and the second V=6 which is again 13. Thus the value of AHBH LOVE = 13 and ABBA = 13 and the value of One AchaD = 13 shows that when both are united – the love of God (AHBH) is united with the knowledge of God (ABBA) - has the value of 26, where Y=10, H=5, V=6 and the final H=5 which totals  $10+5+6+5 = 26$ . Thus the Love of God united with the knowledge of God has the value 26 the same essence as YHVH showing this is key to the knowledge of the True Name hidden in AHBH and ABBA.

Now the second group of letters called the doubles are B,G,D and K,P,R and Th, and these represent double pronunciation of the TWO fold nature of the SEVEN Great Revelations in the world which stand like seven torches of fire from “before thee throne”, that is given from before the appearance of the Bab and Baha’u’llah. These are seven are 1) Adam-Indigenous-Native faiths, 2) Judaism from Moses, 3) Hinduism from Krishna, 4) Zoroastrianism from Zoroaster, 5) Buddhism from Buddha, 6) Christianity from Jesus, and 7) Islam from Muhammad. These are “double” as they both give greater and lesser covenants, and they are double as they both provided material and spiritual advancement in their day, and they are double as they are both originally from God yet hijacked and courted by clergy class for evil. Thus they are double both good and evil influence in the world, until the Final Promised One of the Cycle arrives and unites the good in all of them and dispels the darkness from all of them through the Power of the Secret of the True Name, so God can be all and all to every one.

These seven contain a further mystery of double number of the great Cycle of Seven Times. For it is written by Abraham, that these seven are “fused together”.

“Seven double: B, G, D and K, P, R and Th. How did he fuse them together? Two stones build two houses, three stones build six houses, four stones build twenty four houses, five stones build one hundred and twenty houses, six stones, build seven hundred and twenty houses, seven stones build five thousand and forty houses. Make a beginning herefrom and calculate further what the mouth cannot pronounce and the ear cannot hear.” (Sefer Yetzirah, trans. Stenring and Waite).

Thus these seven are seen a “seven stones” fused together to form a house or temple in Hebrew. This House of temple is depicted also in the third chapter of Zechariah and described as the “stone with seven eyes” where these 7 eyes are seven watchtowers built

into the prophetic seven towered Temple depicted in the last nine chapters of the Book of Ezekiel. This structure fulfills Bible prophecy as the stone with seven eyes and the millennium temple, and is located in Deer Lodge Montana, originally built as the Old Montana Sate Territorial Prison, even as Baha'u'llah was prophesied to be a prisoner in the prison fortress of Akka, and Joseph was a prison in Egypt on bunked up sex-charge, so His establisher Leland was prophesied to have the "stone with seven eyes before him" as his prophesied address between "two mountains of copper" as Butte Montanan and Lincoln Montana are the worlds two twin largest repositories of copper. Most of Butte South of Deer Lodge has been mined already but that of Lincoln on the North is still mostly untapped. Jesus was arrested and jailed, Paul and Peter, Joseph, the Bab and Baha'u'llah and His establisher. Apparently God has a habit of putting his promised ones in prison.

Now these are 7 double for they also pertain to the double meaning of both the address of the Joshua and Zerubbabel - for the one who fulfills prophecy of the Zerubbabel (seed of gate of God most High) received his aghsan letters of adoption and appointment legally passing on the throne to him while living in Deer Lodge as well – thus a double meaning for the date of the Projection of these two; for the Joshua wrote that God would bring forth the his "servant the BRANCH" (Zech. 3:8 KJV) at the appointed time. Thus these 7 are fused together as stated in this manner:

"build five thousand and forty houses. Make a beginning therefrom and calculate further what the mouth cannot pronounce and the ear cannot hear."

As they are 7 double we therefore divide the 5040 by 2 and we get 2520 ( $5040/2 = 2520$ ) which is the prophetic seven times given in the book of Daniel where each time is 360 degrees, a prophetic year or cycle of 360 and 360 times 7 = 2520. Calculated from the prophesied Biblical starting point when historic Joshua and Zerubbabel laid the "Foundation stone of the Temple" on September 21, 520 BC, brings us to September 21<sup>st</sup>, 2001 AD when God saw fit to bring forth his "servant the Branch" (Zechariah 23:8 KJV) and identity of the living Davidic King was projected to all the people of the world. Thus the prophesied date is given as well. Baha'u'llah in the Aqdas relates this same prophetic number of 2520 to the cycle of the fulfillment of the property of inheritance within a Will. Thus those deprived of acceptance of the persons and identity of Joshua and Zerubbabel, which can be demonstrated is Leland and Neal who are projected in 2001 AD and the completion of the cycle of 7 times of the 2520 years are deprived of their inheritance of the Kingdom. Let those who read take warning.

THE SEVEN TIMES  
2520 Prophetic Years  
*September 21<sup>st</sup>, 520 BC – September 21<sup>st</sup>, 2001 AD*

In the book of Daniel, chapter 4, Daniel records the dream of King Nebuchadnezzar within which is given a prophecy: that there will be a period of "seven times" that a stump

(or in other words the ancient root stock of the throne of David of the Tree of Life)<sup>1</sup> will be passed over "...until the Most High rules the kingdom of men, and gives it to whomsoever he will"<sup>2</sup> (Dan. 4, verses 15,17,23,25). This is the prophesied time period that the throne of David will be hidden in obscurity, being the subjects of other kingdoms.

A *time* is 360, known to scholars as the "prophetic year". *Seven times* then is 360 multiplied by 7. This equals 2520. ( $7 \times 360 = 2520$ ). As one day of prophecy is equal to one year (Ezek. 4:6, Num 14:34) 2520 days is 2520 years. This is a date prophecy that refers to the time when God's kingdom will be proclaimed and established - "the Most High rules the kingdom of men" - and more specifically to the time of the fulfillment of God's promise that he would bring forth His servant *the BRANCH* (Zech 3:8, translated from the Hebrew *tsemach*— the grafted branch, grafted into the ancient root stock) in which the foundation stone to the kingdom of God will be laid. For the root stock of the tree of life, that is the stump, represents the foundation of the temple or the foundation upon which the house of God or Temple of the Lord is to be built. They are one and the same. Of this house Jesus stated we must build it upon the rock, that rock being the rock of ages, which Paul states is the Christ, (1 Cor. 10:4) the anointed descendant of King David. The house built upon sand, the false ideas of man shall fall. Here God gives 2520 years from the foundation of the second temple in 520 BC until the year 2001 AD, when ten days after the 9-11 God fulfilled his promise "Behold I shall bring forth my servant the BRANCH" (Zech. 3:8 KJV, and the identify of the living Davidic King, our guardian, is now known. Thus we recognize the true Universal House of Justice of Baha'u'llah, which is the temple of the Lord.

This prophecy of 2520 years is well known by bible scholars, and more specifically, many regard it as pointing to the year of 2001 (Baha'u'llah's *Mustaghath*). For instance, William F. Dankenbring, Pastor and Director of Triumph Prophetic Ministries, writes in a letter on the subject: "*This year, 2001, is precisely 2520 years after the foundation was laid to the second Temple in 520 BC. ...It is  $7 \times 360$ , and represents the fulfillment of 'seven times'*".<sup>3</sup> Christian author, Dr. Stephen Jones, in an article called *September 2001 - A Short History of Tribulation* writes; "*The prophetic time of the final 'building' of the New Temple insofar as Haggai's prophecies are concerned, really began in the year 2001 AD...If we add 2520 years to [520 BC] we come to 2001 AD.*"<sup>4</sup>

---

<sup>1</sup> Baha'u'llah referred to himself as the "Ancient Root".

<sup>2</sup> Some versions read "...and gives it to whom it belongs" connecting it to the Shiloh prophecy of Gen 49:10 RSV which reads, "The scepter shall not depart from Judah until it comes to whom it belongs, and to him shall the gathering of the people be." This signifies its connection to the throne of David and the promised Zerubbabel.

So specifically we ask what happened in 520 BC that was so important and how does it relate to our time now and the coming forth of the BRANCH (the Guardianship) and the establishment of Gods Kingdom on earth as it is in heaven?

In 536 BC, Cyrus the Great, ruler of Persia who conquered the Babylonians, gave a decree that some of the Jews who were in captivity in Babylon were allowed to return to Jerusalem and rebuild their temple. (Ezra, Chap. 1) These Jews (meaning, of the tribe of Judah) returned under the leadership of Zerubbabel and Joshua, but after constructing a crude altar to perform the ritual sacrifices, were prevented from fulfilling the task of building the Temple by angry neighbors who did not want to see the Temple built (Ezra chap. 4). The construction of the second Temple was then delayed 16 years until the reign of the Persian king Darius.

Shortly after this, in Jerusalem, the prophets Haggai and Zechariah began to prophesy to the people of the new Temple.

Then the prophets, Haggai the prophet, and Zechariah the son of Iddo, prophesied unto the Jews that were in Judah and Jerusalem in the name of the God of Israel, even unto them. Then rose up Zerubbabel the son of Shealtiel, and Joshua the son of Jozadak, and began to build the house of God which is at Jerusalem: and with them were the prophets of God helping them.<sup>5</sup>

Haggai, in the first chapter of his book records when this was:

**In the second year of Darius the king**, in the sixth month, in the first day of the month, came the word of the LORD by Haggai the prophet unto Zerubbabel the son of Shealtiel, governor of Judah, and to Joshua the son of Josedech, the high priest, saying, ...Go up to the hills and bring wood to build the house.”<sup>6</sup>

The second year of Darius is 520 BC. The Egyptian astronomer Ptolemy recorded in his book that lunar eclipses occurred in the 20<sup>th</sup> and 31<sup>st</sup> years of Darius reign.<sup>7</sup> Modern scientists have discovered that these eclipses Ptolemy writes of, took place on November 19, 502 BC, and April 25, 491 BC, respectively. These eclipses provide scientists and historians with what they term ABSOLUTE DATES. That means that Darius' reign began in 522 BC, demonstrating beyond any shadow of doubt that the second year of his reign is 520 BC.

Haggai is unique among books of the Old Testament, in that very specific dates (giving the exact day, the exact month and the exact year) are given throughout his brief book signifying the different important events. There are four specific dates total, but there is one in particular that stands out as more significant than the others. In the Douay-Rhims version of the Bible, concerning their “work on the house of the Lord” it especially reads:

---

<sup>5</sup> Ezra 5:1-2

<sup>6</sup> Haggai 1:1,8

<sup>7</sup> *The Almagest*, Ptolemy (Claudius Ptolemaeus),

"In the four and twentieth day of the month, in the sixth month, in the second year of Darius the King, they began." (Hag 2:1)

**The four and twentieth day of the month of the second year of Darius the King is the exact day, September 21, 520 BC, the Autumnal Equinox of that year. Something very important occurred on this particular date. This is the date the Foundation Stone – “Cornerstone” – of the temple was laid:**

The date, the twenty fourth day of the sixth month—three weeks after Haggai’s first appeal— [according to the explicit text of Haggai] refers not to the day on which work began of the temple (so KJV and RSV), but to **the day on which the foundation stone was laid**; and 2:15-19 should probably follow immediately after it.<sup>8</sup>

“Consider from this day onward... Since the day [Sept. 21, 520 BC] that the foundation of the Lord’s temple was laid, consider:... from this day on I will bless you.” (Hag. 2:18)

Both 1 Esdras and Josephus place the event during the reign of Darius I. Work on the temple began on the twenty-fourth day of the sixth month of the second year of Darius (**Sept. 21, 520 B.C.**) according to Hag. 1:15... The Chroniclers sentence might well be completed, as in 1 Esdras 5:57 by supplying **“And they laid the foundation of the Temple of God.”**<sup>9</sup>

The twenty-fourth day of the sixth month of the Jewish lunar calendar in the second year of Darius the king, corresponds to September 21<sup>st</sup> 520 BC. On this date Joshua and Zerubbabel laid the cornerstone of the second Temple. This is a most significant historical event proven through historical evidence known to most Bible scholars, showing that it is scientifically and historically accurate. Several years later the second temple was completed. This is the foundational date in Haggai that we count the prophesied 2520 years from, which brings us to September 21<sup>st</sup> 2001 (there is no zero year, so add one). Therefore, September 21<sup>st</sup> 2001 is the fulfillment of Daniel’s prophecy, signifying that the promised future temple is being completed NOW!

When one wants to build a house or any structure, many things are done in preparation of the time that the actual building begins. The materials must be compiled, the different skilled laborers need to be gathered, like the electrician and the plumber, a framer is needed and many others, and a plan must be drawn up. Once it is decided that a building is going to be built, the first stone that is laid is the cornerstone. For instance, in 1912 when Abdu’l-Baha came to America, he went to Wilmette, Illinois and before any construction had begun on the new Mashriq-al-Adkhar, he came there and laid the cornerstone. This was such an important event that construction was delayed until Abdu’l-Baha himself could lay the cornerstone. Once the cornerstone is in place, then all

the other bricks and other construction can go forward, but without a cornerstone there is no structure.

This date, September 21<sup>st</sup> 2001, is the date for the coming of a promised one, the promised Guardian of the Baha'i Faith. The prophecy in Daniel chapter 4 says the "stump" will be passed over for 2520 years "until the Most High rules the kingdom of men, and gives it to whomsoever he will." The "stump" that is referred to here is the ancient rootstock of king David. The meaning of this prophecy, is that this ancient lineage, the throne line of David, will be subjugated and in exile by different empires for 2520 years i.e. the Greeks, the Romans, the Persians, the Islamic empires etc, in which the line and throne of David have in fact continued in exile as "exilarchs", the exiled monarchs of King David all the way down to Baha'u'llah and Abdu'l-Baha now continued in the son, grandson and great-grandson of Abdu'l-Baha, Neal Chase ben Joseph Aghsan. Therefore, it is now that we are at the end of this cycle of 2520 years, that the throne of king David is raised up (promulgated) as a natural branch, a descendent of David from a collateral line has been grafted back into the ancient rootstock (the stump) by being adopted and appointed to continue the throne of David. This natural branch (Jewish, grafted back in by Pepe, the grandson of 'Abdu'l-Baha) was put into place as the cornerstone on September 21<sup>st</sup> 2001 AD, for this is the day that God brought forth, his "servant, the BRANCH" (Zech. 3:8 KJV).<sup>10</sup>

The last group of letters the 12, which form the third structure, are the letters H, V, Z, Ch and T, Y, L, N and S, O, Tz, Q. Without going into great detail represent the 12 Zodiac of the Celestial Sphere, the Twelve leaders of the twelve tribes and the Twelve apostles of Jesus, twelve Kings of Zoroaster, twelve Imam of Muhammad, and the 12 monks of Buddha, 12 princes who fought with Krishna in the Maharabhata, etc,... Carbon 12 life on this earth, there is a series of divine 12's leading up the Tree of Life with its 12 kinds of fruit which are the healing of the nations. These 12 Fruits, the 12 principles are given in the final chapter of this book. These twelve also represent the twelve persons who form the foundation of the New Jerusalem who are the 12 apostles of the Lamb, that is the establisher of the Baha'i faith, where "the Peter of the Apostles" of his, is Neal Chase.

The fourth structure is the foundation of the 10 numbers themselves. Now as we have said these letters have numerical value. Thus 10 represents the number one raised to the power of 10's; and thus the completion of the Cycle, establishing the Kingdom from heaven – the spiritual world of prophecy – to earth – the material world of action and prophecy fulfilled. This TEN therefore is symbolized by the letter Y, the first letter of the Tetragrammation (which literally means "four letters" tetra = four grammation = letters) of the Name and is the form God gave Moses so that this explanation could be preserved without the actual knowledge and understanding of the True Name being revealed. Briefly, as Pythagoras and the Greeks like Socrates and Plato were educated in the schools of the Solomon of the Jews, these four letters of the real Name were promulgated

amongst them as the Tetractys. This can be seen as 4 being equal to 10. Thus the Tetractys is ten dots or stones of pebbles arranged in four strata representing these four structures. One dot, then two, then three and then four forming a pyramid. Now these four are ten because  $1+2+3+4 = 10$  and thus the ten digits are represented by 10 which is equal to the number of the letter Y. The interaction of these four produces three tones, the octave, the fifth and the fourth which likewise correspond to the three mother letters mentioned early which is the vibration or spirit of the three mothers revealed in the appearance of the “fathers and descendants” who are the progeny of Abraham through his three wives that form the mainstay of the Nine Great revelations of the Cycle, Adam preceding them all in time, as the appeared of the primordial foundation. Thus these three added back in combination of the four produce the seven tonalities of the seven great faiths in symbolic meaning to the notes on the octave and seven primary and secondary colors of the spectrum depicted in the classical understanding of the rainbow which is also used in the Bible as symbol of the everlasting covenant in Genesis “I have set my bow in the cloud as a sign of the everlasting covenant between you and me” and in Revelation, “behold I saw a throne [the throne of David] with rainbow around it [Everlasting covenant to throne line shall never end]”

Thus when Abraham graduated from the school of Shem he was given the knowledge of the true name. This is symbolized by the addition of the letter “H” which value is 5 and represents the quintessence or the fifth element, which the spirit of God entering Abraham in fulfillment of his part of the Covenant and the promise. Thus this spirit of God – the Holy Spirit is the gift from God and here symbolical of the letter H. Thus he was no longer known as “Abram” but as AbraHam, showing the indwelling of God spirit within him. In Arabic this transformation of Abraham is symbolized by the letter H in the Bismillah by the divine names Rachman, and Rahim, the compassionate and the merciful, which the hard “H” is replaced by the soft H whose value is five, indicating two lines from Abraham, one through Isaac and through David and Baha’u’llah which is everlasting (qayyum) and the other throne Ishmael, Muhammad and thereby the Bab, which is the line of arising (qa’im) for sacrifice for the continuation of the throne-line which is to last for ever.

Thus when we look at the Book of Formation of Abraham we see that the four letters are given as the four “father letters” produced by the initial letters representing the four structures. The first letter of the 3 mother letters is A, the first letter of the 7 doubles is B, the first letter of the 12 singles is H, and the lastly the fourth structure of the 10 which is the completion of the cycle of the four is represented by the letter Y, which is really the repetition of the letter A whose value is one raised to the completion of the cycle. Thus  $A=1$ ,  $B=2$ ,  $H=5$  and  $Y=10$  which totals 18 and  $1+8=9$  which represents the totality and fullness as the highest integer. This is the Arabic and Persian word ABHY for the English Equivalent of ABHA and refers to the ABHA Kingdom which is the paradise on earth that Baha’u’llah has brought. “Baha” in fact is derivative of ABHA. Abha means glory light and splendor but in the superlative as the most glorious, the brightest of lights, the brightest of all lights beyond which none can be imagined. Baha is specific and also means glory light or splendor. Thus the Revelation of Baha’u’llah is the revelation of the True “Light of God” and the real “Baha’is” who have remained loyal to

every single provisions of the Covenant of Baha'u'llah and the sacred Will and Testament of 'Abdu'l-Baha are the real "people of Light" as Baha'i is simply Persian and Arabic for "People of the Light" – the People of Baha.

Thus we see that the unity of AHBA and ABBA, which is the LOVE of God and the Knowledge of God respectively is contained in the Four structures of the Sefer Yitzerah as the ABHA kingdom in the initially letters of the three groups and the totality of the final ten. Even as a Carbon rod or an Iron rod may be combined to produce electric force in a drycell battery, so the knowledge of God (ABBA) united with the love of God (AHBH) has the power to produce the appearance of the Kingdom of God earth – Davidic – the ABHA Kingdom.

In the form Baha, this name is actually spelled out in Persian and Arabic as BHA and the final letter A in the form hamza which we can represent with an apostrophe (') thus Baha is actually spelled out BHA'. In the Baha'i writings it is clear that the appearance of the persons of the Bab and Baha'u'llah are symbolized by the B and the H joined together; and that the final A which repeated of the A and Hamza was withheld from the people; therefore the knowledge of the True Name will not be known until the appearance and acceptance by the people of the final letter which is the letter A and its repetition as hamza, which is symbolic of the throne, whereas the A in the Baha'i writings is symbolized by the gospel of Jesus, the gospel of the coming of the Kingdom of God on earth, which Jesus heralded and then returns to establish. Numerically BHA' of which its letters are B=2, H=5, A=1 and the final A or hamza = 1, condenses in this manner (BHAA = 9; BHA=8, BH=7, B=2) where  $9+8+7+2 = 26$  which is equivalent to YHVH = 26 as well as the unity of the Love (AHBH) and knowledge (ABBA) of God combined ( $13+13=26$ ). Thus this  $26 = 8$  and  $2+6 = 8$  and thus fulfills the verse of the "8 that shall uphold the throne" for God shall ever remain an Infinite Unknowable Essence in the sanctity of His exaltation and Purity. In the Bible it is written that after King David Solomon sat upon "the throne of YHVH" (1 Chron 29:23 - YHVH is translated into English as "LORD"). Thus the throne of David which Baha'u'llah and His successors is seated upon upend is the throne of God on earth for this Kingdom. The purpose of this throne and the living man seated upon it is so we can recognize the true Universal House of Justice of Baha'u'llah from fakes frauds and imitations.

As the Baha'i Covenant has been violated, and as none of the people who claims to be Baha'is posses the knowledge of either the Covenant or the True Name – as they have been mislead by covenant-breakers of the worst sort - and are deprived of this secret. Therefore God has raised up in his plan Two Promised ones that full the prophecies of their prophesied name, prophesied date, prophesied address prophesied mission, the first represented by the final letter A who is the establisher of the Kingdom, and the second as "the man whose name is the Branch", the one who is seated upon the throne symbolized by the final hamza. Thus Leland, educated and established Neal upon the throne in fulfillment of his divine mission in the prophetic plan of God, and in recognition of this Pepe fulfilled his role in adopting and appointed Neal in the same manner and style as 'Abdu'l-Baha's adoption and appointment of Mason to be his aghsan-son to the throne as the successor and great grandson of 'Abdu'l-Baha.

"Woe to rulers who ruin and scatter the flock that was theirs to shepherd! This therefore is the Eternal's sentence on the rulers in charge of his flock: 'You scattered my flock and drove them away, you took no care of them; so I will take good care to punish you for the evil you have done. I will gather all that is left of my flock from every land where I have driven them, I will bring them back to their folds, and they shall be fruitful and multiply; over them I will put rulers, to shepherd them, and they shall be no longer scared or startled or dismayed. The day comes, the Eternal promises, when I raise up a true scion [Branch]of David, to reign both royally and ably, to enforce law and justice in the land; under him Judah shall be safe, and Israel live secure, and this shall be his title,

"The Eternal our CHAMPION.'" (Jeremiah 23:1-6; Moffatt's Bible translation)

So not only is it prophesied there is to be a high priest AND a king, called the BRANCH – aghsan - between the two mountains of copper, here it gives this individuals name: "CHAMPION".

From What's in a Name by Gayle Palmquist (or any name book for that matter, look it up yourself)

"NEAL - Literal meaning: CHAMPION"

To summarize the proofs for Dr. Leland Jensen, and Neal Chase (Joshua and Zerubbabel, the High Priest and the Davidic King the Branch) are as follows, by name, date, address and mission:

### NAME

Dr. Leland Jensen

'The Land' - Leland "I will remove the iniquity of that land in a single day" (Zech.3:8)

Neal

'Champion' - Neal " The day comes, the Eternal promises, when I raise up a true scion [Branch]of David, to reign both royally and ably, to enforce law and justice in the land; under him Judah shall be safe, and Israel live secure, and this shall be his title, 'The Eternal our CHAMPION.'" (Jeremiah 23:1-6; Moffatt's bible translation)

### DATE

Dr. Jensen

1963 - "Blessed is he who waits and comes to the thousand three hundred and thirty five days." (Daniel 12:12) 1335 years added to the victory of Muhamamd in 628 CE brings us to 1963. (628 AD +1335 years = 1963 CE) See "Baha'u'llah and the New Era, Chapter

Prophecies of Baha'u'llah and 'Abdu'l-Baha subjection "Coming of the Kingdom of God:" for 'Abdul-Baha calculation of this date to be 1963 CE.

### Neal

"We, moreover, swear fealty to the One Who, in the time of Mustaghath, is destined to be made manifest, as well as to those Who shall come after Him till the end that hath no end." (Baha'u'llah, Gleanings, page 73)

The numerical value of the time 'Mustaghath' is the year 2001 CE as cited in "A Basic Baha'i Dictionary" by Wendi Momen.

"Mustaghath. He Who Is Invoked. A reference to the appearance of the Promised One at the time specified by the Bab. The Bab had set the limit of time for the coming of the Promised One as Mustaghath, the numerical value of which, in the abjad system is 2001." (Basic Baha'i Dictionary, pg. 166, Wendi Momen)

Also the date of September 21<sup>st</sup> 2001 C.E. is given as the Terminal Date of the time scale in David Davidson's book "The Great Pyramid, Its Divine Message", pgs. 359-368. As well as 250 years – the 7 Times – added to September 21, 520 BC brings us to again September, 21, 2001 AD.

In September of 2001 Neal unfurled the Divine Banner, which he brought forth and the Trade Towers were destroyed on the date he gave.

### **ADDRESS**

#### Dr. Jensen

The Stone with Seven Eyes/Between the Two Mountains of Copper -

"For behold, upon the stone which I have set before Joshua, upon a single stone with seven eyes..." (Zechariah 3:9)

"And again, I lifted my eyes and saw and behold, four chariots came out from between two mountains; and the mountains were mountains of bronze [Hebrew copper]..." (Zechariah 6:1)

### Neal

The Temple/Between the Two Mountains of Copper -

"And another angel came out of the temple, calling with a loud voice to him who sat upon the cloud, 'Put in your sickle and reap, for the hour to reap has come, for the harvest of the earth is ripe.'" (Revelations 14:15)

"And again, I lifted my eyes and saw and behold, four chariots came out from between two mountains; and the mountains were mountains of bronze..." (Zechariah 6:1)

"Behold, the man whose name is **the Branch**: for he shall grow up in his place, and he shall build the temple of the Lord. It is he who shall build the temple of the Lord, and shall bear royal honor, and shall sit and rule upon his throne. And there shall be a priest by his throne, and peaceful understanding shall be between them both." (Zech. 6:12-13)

## MISSION

Dr. Jensen

Brings forth the BRANCH, has charge of courts.

"Thus says the Lord of hosts: If you will walk in my ways and keep my charge, then you shall rule my house and have charge of my courts...I will bring forth my servant the BRANCH. (Zechariah 3:7-8)

Neal

Is the BRANCH, Executive Head of Courts, builds the Temple, and brings true believers back into the Covenant.

"Behold, the man whose name is **the Branch**: for he shall grow up in his place, and he shall build the temple of the Lord. It is he who shall build the temple of the Lord, and shall bear royal honor, and shall sit and rule upon his throne. And there shall be a priest by his throne, and peaceful understanding shall be between them both." (Zech. 6:12-13)

"This angel is one of the Apostles of the Lamb who believes in the Revelation of Baha'u'llah and is firm in the Covenant. 'Put in your sickle and reap' means that this Apostle of the Lamb gives the Lamb's explanations and gathers the true believers BACK into the Covenant." (The Book of Revelation, Dr. Leland Jensen)

## SUMMARY

Dr. Leland Jensen fulfilled prophecy. He had the Stone with Seven Eyes before him. He appeared in his Temple between the two mountains of copper in Deer Lodge. He was opposed the Covenant-breakers, the adversaries of God, (Heb. "Satan") on April 21, 1963 as he began his mission. And Dr. Jensen also had charge and set up the courts, and as High Priest anointed the BRANCH that God has now brought forth. These are the proofs for The Establisher of the Baha'i Faith. To deny any of these is to deny the Joshua and the Greater Covenant all together. Both Leland and Neal fulfill these prophecies. Dr. Jensen wrote:

"I have a mandate--to bring forth and establish the BRANCH--I must and I will accomplish this. NOTHING IN HEAVEN OR ON EARTH CAN PREVENT ME IN DOING THIS."

"The Guardianship of the Baha'i Faith is the promised Zerubbabel, the governor of the New Jerusalem (Rev. 21:2, Haggai 1:1) he is that Great King that is seated upon the throne, that brings forth the CAP STONE, AMID SHOUTS OF GRACE GRACE TO IT!!! (Zech. 4:7) The Cap Stone represents the Kingdom of God on earth as it is in heaven, of which the Guardian is the sine qua non. This is the stone [the guardian the living Christ of the Baha'i world order] that the builders [Covenant-breaking Baha'is "Hands", etc.] have rejected, the corner stone of the kingdom of God on earth is the Guardianship, for it is the head of the corner itself (Psalms 118:22, Matthew 21:42, Mark 12:10)." (Dr. Leland Jensen, "The Beast")

Thus this great treasure of the Kingdom of God is preserved in America and within the prophecies of the Bible as well as the prophecies of Nostradamus. As these two Neal and Leland fulfill prophecy by their prophesied names, prophesied dates, prophesied addresses and prophesied missions as the Two Promised Ones to appear in the West at this time of the Great Catastrophe they are authentic. As they are authentic then we can believe it.

It all comes down to a matter of trust. Who can we trust? Well it tells us who we can trust on the American money. It says "In God we trust". Therefore we can trust in God. We can also trust in the one that God sends in to the world to represent him, and we can further put our trust in the one that God sends in the into world that he appoints to succeed himself. Thus the true Universal House of Justice is recognized by the living descendant of King David as its president.

In fulfillment of Bible prophecy and the vision of Nostradamus it was established by the Dr. Leland Jensen on earth as it is in heaven with the "5<sup>th</sup> of his name" Neal Chase ben Joseph Aghsan as it is president.

### **Authenticity is the Criteria for Believability.**

As Dr. Leland Jensen and Neal Chase fulfill prophecy they are authentic; therefore we can believe it. As those dates of 1963 and 2001 have come and gone, no one else in all history can ever again fulfill these prophecies. The time is past. The door is closed. Baha'u'llah and his covenant is the Medicine needed for this sick world today. The college of Divine physicals exists and is established. This is comprised of the 24 elders who are the Council members prophesied in the book of Revelation and the establisher and the one seated upon the throne, which is 25 and 26 (13+13). In the name of God this Kingdom is established upon earth as it is in heaven.

The Nuking of New York is a bump in the head to get the attention of the people who are stubborn and refuse time and again this remedy-- as the Covenant of Baha'u'llah and the

Will and Testament of ‘Abdu’l-Baha is the Divine Peace Program from God, it alone has the power to remedy all ills, through power of His Most Great Name.

Thus has the promised one living among you arrived with paradise in his one hand and heaven on earth in the other; yet the people have rejected them both. Someone has to be fuel for the fire.
